

NASHIK MUNICIPAL SMART CITY DEVELOPMENT CORPORATION LIMITED

LIMITS (DELEGATION) OF AUTHORITY MANUAL

Approved vide board resolution no. 139 dated 20/07/2018.

LIMITS (DELEGATION) OF AUTHORITY MANUAL

The Limits (Delegation) of Authority Manual ('LAM') is as a reference guide for all employees of Nashik Municipal Smart City Development Corporation Limited (NMSCDCL).

General Principles:

The key principles upon which this manual is based are as follows:

Practicality

'Limits of Authority to all employees shall encourage decision making at the appropriate level and reduce the paper movement to the minimum'.

Accountability

The trail of accountability for decision making needs to be clear and must remain intact (unbroken) at all times.

The delegation of powers is proposed below in such a way that:

- 1. All Projects are taken up with prior overall scheme and its estimated expenditure within the Budget approved by the Board;
- 2. Monthly expenditure incurred against approved budget shall be controlled within limits laid down under Smart Mission Guidelines requiring 93% for planned schemes, 5% on Administrative and Office Expenses (A&OE) funds for state/ULB (towards preparation of SCPs and for PMCs, Pilot studies connected to area-based developments and deployment and generation of Smart Solutions, capacity building as approved in the Challenge and online services). and 2%on A&OE funds for MoUD (Mission Directorate and connected activities/structures, Research, Pilot studies, Capacity Building, and concurrent evaluation).; and
- 3. HODs led by CEO are empowered to handle smooth implementation of the projects approved by Board

The authority vested will be subject to the provisions of the statutory enactments pertaining to the Company, the Memorandum and Articles of Association, and the directives issued by the Government (including General Finance Rules, 2005/2017). The authority may also be exercised to execute works / supplies of goods form empaneled vendors / suppliers / contractors at rates which are applicable as per state procurement of State Govt.

All HODs are expected to exercise their authority only in their respective area of responsibility. The Manual consists of Sections representing various functions to enable easy reference. These Sections do not pertain to particular departments but represent specific functions/activities. The relevant section numbers should be recorded while exercising the power. The Manual aims at eliminating instances of HODs exercising authorities not commensurate with their responsibility or seeking approvals from authorities higher than necessary.

The authorities covered by the Manual can be automatically exercised by officers higher up in the hierarchy (CEO in respect of all HODs) in the related area of responsibility. *Any item which is not covered in the manual shall require approval of Board, unless otherwise specified.*

No HOD shall exercise discretion which has not been granted to him under the Limits of Authority Manual. Any violation would be construed as a lapse on the part of the HOD.

Finance concurrence (FC)

It is a concept that is prevalent in the Government as well as in the Public Sector Organizations and mandated by General Finance Rules,2017 governing use of Public Money. It envisages the need for concurrence of finance personnel, wherever required, as a prerequisite for approval of any contract, transaction or proposal having financial implications. This is to ensure that polices, procedures and budgetary and process control features specific to the Company are adhered to, so that the interests of the organization are safeguarded.

In other words, an independent person who is not directly involved in the process examines from the point of view of protection individual/group of officers from any errors that might be made inadvertently.

FC should not, therefore, be construed as joint approval, but should be considered as an aid the approving authority in the exercise of his authority. FC would be provided by Finance functionaries within the organization.

The approving authority should ensure that the requirements pointed out by the Finance functionary are fully met before approval is accorded. However, the approving authority shall have power to overrule the Finance functionary in the interest of **NMSCDCL**. If the approving authority exercises such powers, adequate justification need to be recorded.

Emergences:

Notwithstanding the restrictions contained in this Manual, the Functional Heads may exercise their discretion in emergencies such as fire, flood or major accidents to avoid further loss to person and property. However, it will be necessary to report the matter immediately in writing to the appropriate authority and obtain post facto approval.

Definitions:

Board	The Board of Directors of the Company from time to time constituted in accordance with the provisions of Articles of Association of NMSCDCL.
